POTTERY WHEEL

AN UNIQUE EXPERIENCE IN THE ART OF CERAMIC

An exclusive workshop that can be scheduled throughout the year,
subject to laboratory and teacher availability.

SUBJECT

In this course the student will learn the basics of lathe shaping.
The teacher's experience will allow the student to get their hands dirty
learning the basics of this ancient art.
The centering of the object will be taught up to the creation of small and
medium objects.

FREQUENCY

The course will be held on any day of the week, with a choice of 8:30/12:30
or 13:30/17:30 for 4 hours of training.

COST

To quote.
